SUBJECT TO COMPLETION, DATED OCTOBER 20, 2025

PRELIMINARY PROSPECTUS

Critical Metals Corp.

**SECONDARY OFFERING OF
18,030,303 Ordinary Shares**

This prospectus relates to the offer and sale from time to time, by the selling securityholder named in this prospectus (the “Selling Securityholder”), of up to 18,030,303 ordinary shares (each, an “Ordinary Share”), par value \$0.001 per share, of Critical Metals Corp., a BVI business company incorporated in the British Virgin Islands (“us,” “we,” “Critical Metals” or the “Company”), consisting of (x) 6,470,000 Ordinary Shares and (y) 11,560,303 Ordinary Shares issuable upon exercise of warrants (each, a “PIPE Warrant”) to purchase Ordinary Shares (collectively, the “PIPE Shares”), that were issued to the Selling Securityholder pursuant to securities purchase agreements with the Company on October 5, 2025 and October 15, 2025 (the “Purchase Agreements”).

We are registering the offer and sale of the PIPE Shares to satisfy certain registration rights we have granted. The Selling Securityholder may offer all or part of the PIPE Shares for resale from time to time through public or private transactions, at either prevailing market prices or at privately negotiated prices. The PIPE Shares are being registered to permit the Selling Securityholder to sell such shares from time to time, in amounts, at prices and on terms determined at the time of offering. The Selling Securityholder may sell the PIPE Shares through ordinary brokerage transactions, in underwritten offerings, directly to market makers of our shares or through any other means described in the section entitled “*Plan of Distribution*” herein. In connection with any sales of the PIPE Shares offered hereunder, the Selling Securityholder, any underwriters, agents, brokers or dealers participating in such sales may be deemed to be “underwriters” within the meaning of the Securities Act of 1933, as amended (the “Securities Act”). We are registering the PIPE Shares for resale by the Selling Securityholder, or its donees, pledgees, transferees, distributees or other successors-in-interest selling the PIPE Shares or interests in the PIPE Shares received after the date of this prospectus from the Selling Securityholder as a gift, pledge, partnership distribution or other transfer.

We will pay certain expenses associated with the registration of the PIPE Shares covered by this prospectus, as described in the section entitled “*Plan of Distribution*.”

We will not receive any proceeds from the sale of Ordinary Shares by the Selling Securityholder pursuant to this prospectus. We will, however, receive the proceeds from the exercise of PIPE Warrants to the extent such PIPE Warrants are exercised for cash. A portion of the PIPE Warrants entitle the holder to purchase one Ordinary Share at an initial exercise price of \$7.00 per Ordinary Share, while other PIPE Warrants entitle the holder to purchase one Ordinary Share at an exercise price of \$0.0001 per Ordinary Share. We believe that the likelihood that the Selling Securityholder will determine to exercise its PIPE Warrants, and therefore the amount of cash proceeds that we would receive, is dependent upon the market price of our Ordinary Shares. On October 17, 2025, the closing price of our Ordinary Shares was \$20.86 per share, which is above the exercise price of the PIPE Warrants. There is no assurance that all the PIPE Warrants will remain “in the money” prior to their expiration or that the Selling Securityholder will exercise its PIPE Warrants. To the extent that any PIPE Warrants are exercised on a cashless basis, the amount of cash we would receive from the exercise of the PIPE Warrants will decrease.

We may amend or supplement this prospectus from time to time by filing amendments or supplements as required. You should read this entire prospectus and any amendments or supplements carefully before you make your investment decision.

Our Ordinary Shares and public warrants (the “Public Warrants”) are listed on the Nasdaq Stock Market LLC (“Nasdaq”) under the trading symbols “CRML” and “CRMLW,” respectively. On October 17, 2025, the closing prices for our Ordinary Shares and Public Warrants on the Nasdaq were \$20.86 per share and \$11.08 per warrant, respectively.

We are an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012 and is therefore eligible to take advantage of certain reduced reporting requirements applicable to other public companies.

We are also a “foreign private issuer” as defined in the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and are exempt from certain rules under the Exchange Act that impose certain disclosure obligations and procedural requirements for proxy solicitations under Section 14 of the Exchange Act. In addition, our officers, directors and principal shareholders are exempt from the reporting and “short-swing” profit recovery provisions under Section 16 of the Exchange Act. Moreover, we are not required to file periodic reports and financial statements with the SEC as frequently or as promptly as U.S. companies whose securities are registered under the Exchange Act.

Investing in our securities involves a high degree of risk. See “**Risk Factors**” beginning on page 4 of this prospectus and other risk factors contained in the documents incorporated by reference herein, including our Annual Report on Form 20-F (as amended and supplemented) for the year ended June 30, 2025, for a discussion of information that should be considered in connection with an investment in our securities.

Neither the U.S. Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is , 2025.

Forward-looking statements include statements about our expectations, beliefs, plans, goals, objectives, intentions, assumptions and other statements that are not historical facts. Forward-looking statements may be identified by the use of words such as “estimate,” “plan,” “project,” “forecast,” “intend,” “will,” “expect,” “anticipate,” “believe,” “seek,” “target” or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Forward-looking statements are subject to known and unknown risks and uncertainties and are based on potentially inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. Actual results could differ materially from those anticipated in forward-looking statements for many reasons, including the factors described in “*Risk Factors*” in this prospectus as well as those listed under “*Item 3.D. Key Information – Risk Factors*” in the Annual Report. Accordingly, you should not rely on these forward-looking statements, which speak only as of the date of this prospectus. We undertake no obligation to publicly revise any forward-looking statement to reflect circumstances or events after the date of this prospectus or to reflect the occurrence of unanticipated events. You should, however, review the factors and risks we describe in the reports we will file from time to time with the SEC after the date of this prospectus.

In addition, statements that “we believe” and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based on information available to us as of the date of this prospectus. And while we believe that information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. Overview

We are a leading mining evaluation and exploration company focused on heavy rare earth elements (“HREEs”), critical metals and minerals, and producing strategic products essential to electrification and next generation technologies for Europe and its Western world partners. Our primary strategy is to acquire, explore and develop unique and permitted critical metals mining assets that we expect will benefit from robust regulatory tailwinds in both Europe and North America and long-term secular trends for next generation technology in environmental, commercial and government applications. At the closing of our Business Combination, our efforts were solely focused on the exploration and evaluation of our wholly owned Wolfsberg Lithium Project (the “Wolfsberg Project”) located in Carinthia, Austria, which is approximately 270 kilometers south of Vienna. In addition, we hold additional Austrian projects, including the 20% interest European Lithium Limited transferred to us at the Closing of the Business Combination (which was February 27, 2024). On June 5, 2024, we announced an agreement to acquire an interest in the Tanbreez Green Rare Earth Mine (the “Tanbreez Project”). The Tanbreez Project is a permitted, globally significant critical minerals asset positioned to unlock a sustainable, reliable and long-term rare earth supply for North America and Europe. Once operational, Tanbreez is expected to supply HREEs to customers in the western hemisphere to support the production of a wide range of next-generation commercial products, as well as demand from the defense industry.

Our registered and executive offices are located at c/o Maples Corporate Services (BVI) Limited, Kingston Chambers, PO Box 173, Road Town, Tortola, British Virgin Islands.

Our Business Strategy

Our primary strategy is to acquire, explore and develop unique and permitted critical metals mining assets that we expect will benefit from robust regulatory tailwinds in both Europe and North America and long-term secular trends for next generation technology in environmental, commercial and government applications. Our foundational assets are the Wolfsberg lithium assets in Austria and the Tanbreez rare earths deposit in Greenland. Our strategy involves developing a low cost, highly sustainable source of lithium hydroxide manufactured from spodumene concentrate, providing European battery and EV manufacturers improved continuity of supply, reducing their dependence on the battery supply from Chinese manufacturers, while also helping them meet their environmental commitments. In addition to the exploration and evaluation of the Wolfsberg Project, we expect to focus our efforts on rare earths and critical metals and minerals to produce strategic products essential for a transition to sustainable low carbon emission technologies for Europe and its western world partners. We believe this approach will allow us to become one of the most sustainable, cost-effective and strategic minerals suppliers in the world, and further help potential customers achieve their important environmental, social and governance goals required by shareholders and regulatory agencies.

As part of our business strategy, we intend to seek to acquire assets and operations that are strategic and complementary to our existing operations. This may include acquisitions or investments in complementary companies, assets, mines, products or technologies, including in other rare earth elements and minerals. We may have opportunities to make acquisitions from third parties jointly with EUR, and in some cases, we may acquire assets or other operations directly from EUR or its affiliates. EUR has no obligation to sell any additional assets to us or to accept any offer that we may make for any additional assets, and we may decide not to acquire such additional assets even if EUR or an affiliate offers them to us.

We have in the past evaluated and pursued, and intend in the future to evaluate and pursue, rare earth-related assets and other critical metals assets that have characteristics and opportunities similar to our existing business lines and enable us to leverage our asset base, knowledge base and skill sets. Such acquisition efforts may involve participation by us in processes that have been made public and involve a number of potential buyers, commonly referred to as “auction” processes, as well as situations in which we believe we are the only party or one of a limited number of potential buyers in negotiations with the potential seller. These acquisition efforts often involve assets which, if acquired, could have a material effect on our financial condition and results of operations. We typically do not announce a transaction until after we have executed a definitive acquisition agreement. Discussions and negotiations regarding a potential acquisition can advance or terminate in a short period of time. Moreover, the closing of any transaction for which we have entered into a definitive acquisition agreement will be subject to customary and other closing conditions, which may not ultimately be satisfied or waived. Accordingly, we can give no assurance that our current or future acquisition efforts will be successful. Although we expect the acquisitions we make to be accretive in the long term, we can provide no assurance that our expectations will ultimately be realized.

Foreign Private Issuer

We are considered a “foreign private issuer” under U.S. securities law. As a “foreign private issuer,” we are subject to different U.S. securities laws than domestic U.S. issuers. The rules governing the information that we must disclose differ from those governing U.S. corporations pursuant to the Exchange Act. We are exempt from the rules under the Exchange Act prescribing the furnishing and content of proxy statements to shareholders. Those proxy statements are not expected to conform to Schedule 14A of the proxy rules promulgated under the Exchange Act. Moreover, we are not required to file periodic reports and financial statements with the SEC as frequently or within the same time frames as U.S. companies with securities registered under the Exchange Act, although it may elect to file certain periodic reports and financial statements with the SEC on a voluntary basis on the forms used by U.S. domestic issuers. We are not required to comply with Regulation FD, which imposes restrictions on the selective disclosure of material information to shareholders. In addition, our officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions of Section 16 of the Exchange Act and the rules under the Exchange Act with respect to their purchases and sales of our securities.

Emerging Growth Company

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

Risks Related to this Offering by the Selling Securityholder

Sales of a substantial number of our securities in the public market by the Selling Securityholder and/or by our existing securityholders could cause the price of our Ordinary Shares and Public Warrants to fall.

The Selling Securityholder can sell, under this prospectus, up to 18,030,303 Ordinary Shares. Depending on the price, other securityholders may have paid significantly more than the Selling Securityholder for any Ordinary Shares they may have purchased in the open market based on variable market price. All the PIPE Shares offered in this prospectus may be resold for so long as the registration statement, of which this prospectus forms a part, is available for use. The sale of all or a portion of the PIPE Shares being offered in this prospectus could result in a significant decline in the public trading price of our securities. Despite such a decline in the public trading price, some of the Selling Securityholder may still experience a positive rate of return on the PIPE Shares they purchased due to the price at which the Selling Securityholder initially purchased the PIPE Shares.

In addition, the resale, or expected or potential resale, of a substantial number of shares of our Ordinary Shares in the public market, including the Ordinary Shares registered in this registration statement, could occur at any time. For example, the Company's Registration Statement on Form F-1 registers for resale up to 100,312,567 Ordinary Shares, constituting approximately 71.1% of our outstanding Ordinary Shares on a fully diluted basis, on behalf of the selling securityholders named therein. Such sales, or the perception that such sales could occur, could adversely affect the market price for our Ordinary Shares and make it more difficult for you to sell your holdings at times and prices that you determine are appropriate. Furthermore, we expect that, because there is a large number of shares being registered pursuant to the registration statement of which this prospectus forms a part, the Selling Securityholder will continue to offer such securities covered thereby pursuant to this prospectus or pursuant to Rule 144 for a significant period of time, the precise duration of which cannot be predicted. Accordingly, the adverse market and price pressures resulting from an offering pursuant to the registration statement may continue for an extended period of time.

Sales, or the perception of sales, of our Ordinary Shares, including those registered in this registration statement, by us or our existing shareholders in the public market could cause the market price for our Ordinary Shares to decline.

The sale, or the perception that such sales could occur, of substantial amounts of Ordinary Shares in the public market, including the Ordinary Shares registered in this registration statement and the company's other registration statements, could harm the prevailing market price of the Ordinary Shares. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

Certain existing securityholders purchased, or may purchase, our securities at a price below the current trading price of such securities, and may experience a positive rate of return based on the current trading price. Other investors may not experience a similar rate of return.

Certain of our shareholders, including the Selling Securityholder, acquired, or may acquire, Ordinary Shares at prices below the current trading price of our Ordinary Shares and may experience a positive rate of return based on the current trading price.

This prospectus relates to the offer and resale from time to time by the Selling Securityholder of up to 18,030,303 Ordinary Shares. Depending on the price, the public securityholders may have paid significantly more than the Selling Securityholder for any shares or Warrants they may have purchased in the open market based on variable market price.

CAPITALIZATION AND INDEBTEDNESS

The following table sets forth our total capitalization on an actual basis as of June 30, 2025, and on an as adjusted basis after giving effect to the transactions contemplated by the Purchase Agreements.

The information in this table should be read in conjunction with the financial statements and notes thereto and other financial information included in this prospectus, any prospectus supplement or incorporated by reference in this prospectus. USE OF PROCEEDS

All of the Ordinary Shares offered by the Selling Securityholder pursuant to this prospectus will be sold by the Selling Securityholder for its respective accounts. We will not receive any of the proceeds from such sales.

We will bear all costs, expenses and fees in connection with the registration of the Ordinary Shares offered by the Selling Securityholder pursuant to this prospectus, whereas the Selling Securityholder will bear all incremental selling expenses, including commissions, brokerage fees and other similar selling expenses.

We will, however, receive the proceeds from the exercise of PIPE Warrants to the extent such PIPE Warrants are exercised for cash. A portion of the PIPE Warrants entitle the holder to purchase one Ordinary Share at an initial exercise price of \$7.00 per Ordinary Share, while other PIPE Warrants entitle the holder to purchase One Ordinary Share at an exercise price of \$0.0001 per Ordinary Share. We believe that the likelihood that the Selling Securityholder will determine to exercise its PIPE Warrants, and therefore the amount of cash proceeds that we would receive, is dependent upon the market price of our Ordinary Shares. To the extent that a PIPE Warrant has an exercise price of \$7.00 per Ordinary Share, if the market price for our Ordinary Shares is less than \$7.00 per share, we believe that the Selling Securityholder will be unlikely to exercise any of its PIPE Warrants, and accordingly, we will not receive any such proceeds. Conversely, we believe the Selling Securityholder is more likely to exercise its PIPE Warrants (to the extent such warrant has an exercise price of \$7.00 per Ordinary Share) the higher the price of our Ordinary Shares is above \$7.00 per share. On October 17, 2025, the closing price of our Ordinary Shares was \$20.86 per share, which is above the exercise price of the PIPE Warrants. There is no assurance that the PIPE Warrants will remain in “in the money” prior to their expiration or that the Selling Securityholder will exercise its PIPE Warrants. To the extent that any PIPE Warrants are exercised on a cashless basis, the amount of cash we would receive from the exercise of the PIPE Warrants will decrease.

DIVIDEND POLICY

The Board will consider whether or not to institute a dividend policy. It is the present intention of the Board to retain any earnings for use in our business operations and, accordingly, the Board not anticipate declaring any dividends in the foreseeable future. The timing, declaration, amount and payment of future dividends to shareholders falls within the discretion of the Board. The Board's decisions regarding the amount and payment of future dividends will depend on many factors, including our financial condition, earnings, capital requirements of our business and covenants associated with debt obligations, as well as legal requirements, regulatory constraints, industry practice and other factors that the Board deems relevant.

No fractional Ordinary Shares will be issued in connection with any exercise of a PIPE Warrant, in lieu of such fractional shares, the Company shall, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price or round down to the next whole share.

Other Private Placement Warrants

Pursuant to those certain securities purchase agreements, Critical Metals issued to the applicable investor party thereto warrants to purchase up to an aggregate of 4,910,000 Ordinary Shares (the “Feb. 2025 PIPE Warrants”). The Feb. 2025 PIPE Warrants were exercisable commencing on February 7, 2025 and will expire on February 7, 2029. As of October 16, 2025, 11 holders of the Feb. 2025 PIPE Warrants are entitled to purchase up to an aggregate of 2,181,532 Ordinary Shares.

Each Feb. 2025 PIPE Warrant has an initial exercise price of \$7.00 per Ordinary Share. The exercise price and number of Ordinary Shares issuable on the exercise of the Feb. 2025 PIPE Warrants may be adjusted in certain circumstances, including the event of a stock dividend, subdivision or the occurrence of a merger, consolidation, reorganization, share exchange or similar corporate transaction.

At no time may a holder of a Feb. 2025 PIPE Warrant exercise such warrant if the number of Ordinary Shares to be issued pursuant to such exercise would exceed, when aggregated with all other Ordinary Shares owned by such holder and its affiliates at such time, the number of Ordinary Shares which would result in such holder and its affiliates beneficially owning (as determined in accordance with Section 13(d) of the Exchange Act and the rules thereunder) in excess of 9.99% of the then issued and outstanding Ordinary Shares.

No fractional Ordinary Shares will be issued in connection with any exercise of a Feb. 2025 PIPE Warrant, in lieu of such fractional shares, the Company shall, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price or round up to the next whole share.

GEM Warrants

Pursuant to the GEM Agreements, at the Closing, the GEM Investor was granted a warrant (the “GEM Warrant”) to purchase up to 1,814,797 Ordinary Shares. The GEM Warrants are exercisable commencing on February 27, 2024 and expire on February 27, 2027.

The GEM Warrants had an initial exercise price of \$10.71 per Ordinary Share. The exercise price and number of Ordinary Shares issuable on the exercise of the GEM Warrants may be adjusted in certain circumstances, including the event of a stock dividend, subdivision or the occurrence of a merger, consolidation, reorganization, share exchange or similar corporate transaction. On February 27, 2025, the exercise price of the GEM Warrant was adjusted to \$5.00 per share. See “—Warrant Price Resets” below.

The GEM Warrant can be exercised on a cashless basis in part or in whole at any time during the term. Any failure by us to timely transfer the Ordinary Shares under the GEM Warrant pursuant to GYBL’s exercise will entitle GYBL to compensation in addition to other remedies.

At no time may a holder of a GEM Warrant exercise such warrant if the number of Ordinary Shares to be issued pursuant to such exercise would exceed, when aggregated with all Other Ordinary Shares owned by such holder and its affiliates at such time, the number of Ordinary Shares which would result in such holder and its affiliates beneficially owning (as determined in accordance with Section 12(d) of the Exchange Act and the rules thereunder) in excess of 9.99% of the then issued and outstanding Ordinary Shares; *provided, however*, that such holder may waive the foregoing restriction by providing the Company with 61 days’ notice of such waiver; *provided, further*, that during the 61 day period prior to the expiration of the GEM Warrant, the holder may waive compliance with the foregoing restriction at any time during such 61 day period.

No fractional Ordinary Shares will be issued in connection with any exercise of a GEM Warrant, in lieu of such fractional shares, the Company shall round the number of shares to be issued upon exercise up to the nearest whole number of shares.

Warrant Price Resets

On February 27, 2025, the Company delivered a notice of price adjustment to the holder of the GEM Warrants. As a result of certain events, the exercise price of the GEM Warrants was adjusted to \$5.00 per share effective as of February 27, 2025.

The notice of adjustment does not impact the company’s Public Warrants that trade on Nasdaq under the symbol “CRMLW” or the Feb. 2025 PIPE Warrants. The exercise price of the Public Warrants and the Feb. 2025 PIPE Warrants remain at \$11.50 per share and \$7.00 per share, respectively, and are only subject to adjustment in accordance with the terms of such warrant.

SELLING SECURITYHOLDER

This prospectus relates to the possible resale by the Selling Securityholder of up to 18,030,303 Ordinary Shares, consisting of (x) 6,470,000 Ordinary Shares and (y) 11,560,303 Ordinary Shares issuable upon exercise the PIPE Warrants.

The Selling Securityholder may offer and sell, from time to time, any or all of the Ordinary Shares being offered for resale pursuant to this prospectus. In this prospectus, the term “Selling Securityholder” includes (i) the entities identified in the table below (as such table may be amended from time to time by means of an amendment to the registration statement of which this prospectus forms a part or by a supplement to this prospectus) and (ii) any donees, pledgees, transferees or other successors-in-interest that acquire any of the PIPE Shares covered by this prospectus after the date of this prospectus from the named Selling Securityholder as a gift, pledge, partnership distribution or other non-sale related transfer.

The table below sets forth, as of the date of this prospectus, the name of the Selling Securityholder for which we are registering Ordinary Shares for resale to the public, and the number of Ordinary Shares that the Selling Securityholder may offer pursuant to this prospectus. In accordance with SEC rules, individuals and entities below are shown as having beneficial ownership over shares they own or have the right to acquire within 60 days, as well as shares for which they have the right to vote or dispose of such shares. Also in accordance with SEC rules, for purposes of calculating percentages of beneficial ownership, shares which a person has the right to acquire within 60 days are included both in that person’s beneficial ownership as well as in the total number of shares issued and outstanding used to calculate that person’s percentage ownership but not for purposes of calculating the percentage for other persons. In some cases, the same Ordinary Shares are reflected more than once in the table below because more than one holder may be deemed the beneficial owner of the same Ordinary Shares. We have based percentage ownership on 117,704,394 Ordinary Shares outstanding as of October 16, 2025.

Because the Selling Securityholder may dispose of all, none or some portion of its PIPE Shares, no estimate can be given as to the number of securities that will be beneficially owned by the Selling Securityholder upon termination of this offering. For purposes of the table below, however, we have assumed that after termination of this offering none of the PIPE Shares covered by this prospectus will be beneficially owned by the Selling Securityholder and further assumed that the Selling Securityholder will not acquire beneficial ownership of any additional securities during the offering. Under the terms of the PIPE Warrants, the Selling Securityholder may not exercise the PIPE Warrants to the extent such exercise would cause the Selling Securityholder, together with its affiliates and attribution parties, to beneficially own a number of Ordinary Shares which would exceed 9.99%, as set forth in the PIPE Warrants, of our then outstanding Ordinary Shares following such exercise, excluding for purposes of such determination Ordinary Shares issuable upon exercise of the warrants which have not been exercised. The number of shares in the second column does not reflect this limitation. In addition, the Selling Securityholder may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, our securities in transactions exempt from the registration requirements of the Securities Act after the date on which the information in the table is presented.

Please see the section titled “*Plan of Distribution*” for further information regarding the Selling Securityholder’s method of distributing these PIPE Shares.

PLAN OF DISTRIBUTION

The Selling Securityholder, which as used here includes donees, pledgees, transferees or other successors-in-interest selling Ordinary Shares or interests in Ordinary Shares received after the date of this prospectus from the Selling Securityholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of its Ordinary Shares or interests in Ordinary Shares on any stock exchange, market or trading facility on which the Ordinary Shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The Selling Securityholder may use any one or more of the following methods when disposing of Ordinary Shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for their account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers or other financial intermediaries may agree with the Selling Securityholder to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted by applicable law.

The Selling Securityholder may, from time to time, pledge or grant a security interest in some or all of the Ordinary Shares owned by them and, if they default in the performance of its secured obligations, the pledgees or secured parties may offer and sell the Ordinary Shares, from time to time, under this prospectus or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of Selling Securityholder to include the pledgee, transfer or other successors in interest as Selling Securityholder under this prospectus. The Selling Securityholder also may transfer the Ordinary Shares in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Securityholder may also sell PIPE Shares under Rule 144 under the Securities Act, if available, or in other transactions exempt from registration. The Selling Securityholder reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of Ordinary Shares to be made directly or through agents. We will not receive any of the proceeds from this offering. Upon exercise of the PIPE Warrants by payment of cash, however, we will receive the exercise price of the PIPE Warrants.

Broker-dealers engaged by the Selling Securityholder may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Securityholder (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of our Ordinary Shares or interests therein, the Selling Securityholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the Ordinary Shares in the course of hedging the positions they assume. The Selling Securityholder may also sell Ordinary Shares short and deliver these securities to close out its short positions, or loan or pledge the Ordinary Shares to broker-dealers that in turn may sell these securities. The Selling Securityholder may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of Ordinary Shares offered by this prospectus, which Ordinary Shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Securityholder and any underwriters, broker-dealers or agents that participate in the sale of Ordinary Shares or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling Securityholder who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

In addition, the Selling Securityholder may elect to make a pro rata in-kind distribution of securities to its members, partners or stockholders pursuant to the registration statement of which this prospectus is a part by delivering a prospectus with a plan of distribution. Such members, partners or stockholders would thereby receive freely tradeable securities pursuant to the distribution through a registration statement.

To the extent required, the Ordinary Shares to be sold, the names of the Selling Securityholder, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the Ordinary Shares may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the Ordinary Shares may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the Ordinary Shares for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Securityholder will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the Ordinary Shares by the Selling Securityholder or any other person. We will make copies of this prospectus available to the Selling Securityholder and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

We have agreed to indemnify the Selling Securityholder against liabilities, including liabilities under the Securities Act, the Exchange Act and state securities laws, relating to the registration of the Ordinary Shares offered by this prospectus.

We have agreed with the Selling Securityholder to keep the registration statement of which this prospectus constitutes a part effective until (i) such time as there are no longer registrable securities held by the Selling Securityholder or (ii) October 16, 2030. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of certain material U.S. federal income tax considerations to U.S. Holders (as defined below) of the ownership and disposition of Ordinary Shares that are being offered pursuant to this prospectus. This discussion applies only to U.S. Holders that hold their Ordinary Shares as “capital assets” within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the “*Code*”). (generally, property held for investment). The following does not purport to be a complete analysis of all potential tax effects arising in connection with the ownership and disposition of Ordinary Shares. The effects of U.S. federal tax laws other than U.S. federal income tax laws, such as estate and gift tax laws, and U.S. state, local and non-U.S. tax laws are not discussed.

This discussion does not address all U.S. federal income tax considerations that may be relevant to any particular investor’s particular circumstances, including the impact of the Medicare contribution tax on net investment income and the alternative minimum tax, or to investors subject to special rules under U.S. federal income tax laws, including, without limitation:

- banks, insurance companies, and certain other financial institutions;
- regulated investment companies and real estate investment trusts;
- brokers, dealers or traders in securities;
- traders in securities that elect to mark to market;
- tax-exempt organizations or governmental organizations;
- U.S. expatriates and former citizens or long-term residents of the United States;
- persons holding Ordinary Shares as part of a hedge, straddle, wash sale, constructive sale, or other risk reduction strategy or as part of a conversion transaction or other integrated or similar transaction;
- persons subject to special tax accounting rules as a result of any item of gross income with respect to Ordinary Shares being taken into account in an applicable financial statement;
- except as specifically provided below, persons that actually or constructively own five percent or more (by vote or value) of the Company’s shares;
- “controlled foreign corporations,” “passive foreign investment companies,” and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships or other flow-through entities for U.S. federal income tax purposes (and investors therein);
- U.S. Holders having a functional currency other than the U.S. dollar;
- persons who hold or received Ordinary Shares pursuant to the exercise of any employee stock option or otherwise as compensation; and
- tax-qualified retirement plans.

If an entity or arrangement treated as a partnership or other pass-through entity for U.S. federal income tax purposes is a beneficial owner of Ordinary Shares, the tax treatment of a partner, member, or other beneficial owner of such partnership or other pass-through entity will depend on the status of such partner, member, or other beneficial owner, the activities of the partnership or other pass-through entity and certain determinations made at the owner level. Accordingly, partnerships and other pass-through entities and the partners, members, and other beneficial owners of such partnerships and other pass-through entities should consult their tax advisors regarding the U.S. federal income tax consequences to them of the ownership and disposition of the Company’s securities.

This discussion is based on the Code, U.S. Treasury regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service (“**IRS**”), in each case in effect as of the date hereof. These authorities are subject to change or to differing interpretations. Any such change or differing interpretation may be applied retroactively or otherwise have retroactive effect in a manner that could adversely affect the tax consequences discussed below. The Company has not sought, and it does not intend to seek, any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS will not take, or a court will not sustain, a position contrary to any of the tax considerations discussed below.

THIS DISCUSSION IS ONLY A SUMMARY OF CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS ASSOCIATED WITH THE OWNERSHIP AND DISPOSITION OF ORDINARY SHARES. EACH INVESTOR IN ORDINARY SHARES IS URGED TO CONSULT ITS OWN TAX ADVISOR WITH RESPECT TO THE PARTICULAR TAX CONSEQUENCES TO SUCH INVESTOR OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF ORDINARY SHARES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY U.S. FEDERAL, STATE AND LOCAL, AND NON-U.S. TAX LAWS, AS WELL AS UNDER ANY APPLICABLE TAX TREATY, AND POSSIBLE CHANGES IN TAX LAW.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner of Ordinary Shares, who or that is, for U.S. federal income tax purposes:

- an individual who is a U.S. citizen or resident of the United States;
- a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons (within the meaning of the Code) who have the authority to control all substantial decisions of the trust or (B) that has in effect a valid election under applicable U.S. Treasury regulations to be treated as a U.S. person.

Dividends and Other Distributions on Ordinary Shares

Subject to the passive foreign investment company (“**PFIG**”) rules discussed below under the heading “— *Passive Foreign Investment Company Rules*,” the gross amount of distributions, i.e., before reduction for withholding taxes, if any, (other than certain distributions of shares of the Company or rights to acquire shares of the Company) on the Ordinary Shares will generally be taxable as a dividend for U.S. federal income tax purposes to the extent paid from the Company’s current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Such dividends generally will be includable in a U.S. Holder’s income in the year actually or constructively received by such U.S. Holder. Distributions in excess of the Company’s current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. Holder’s adjusted tax basis in its Ordinary Shares. Any remaining excess will be treated as gain realized on the sale or other disposition of the Ordinary Shares and will be treated as described below under the heading “— *Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Ordinary Shares*.”

Amounts treated as dividends that the Company pays to a U.S. Holder that is treated as a corporation for U.S. federal income tax purposes generally will be taxed at regular rates and will not qualify for the dividends received deduction generally allowed to domestic corporations in respect of dividends received from other domestic corporations. With respect to non-corporate U.S. Holders, under tax laws currently in effect and subject to certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations), dividends generally will be taxed at the lower applicable long-term capital gains rate only if the Ordinary Shares are readily tradable on an established securities market in the United States (such as Nasdaq) or the Company is eligible for benefits under an applicable tax treaty with the United States meeting certain requirements (for this purpose, the United States Treasury Department has determined that the United States-UK income tax treaty meets these requirements), and, in each case, the Company is not treated as a PFIC with respect to such U.S. Holder for the taxable year in which the dividend was paid or for the preceding year and provided certain holding period requirements are met. There can be no assurance that the Ordinary Shares will be considered readily tradable on an established securities market in any year. In addition, there can be no assurance that the Company will not be treated as a PFIC with respect to a U.S. Holder for any taxable year (see the discussion below under the heading “— *Passive Foreign Investment Company Rules*”). U.S. Holders should consult their tax advisors regarding the availability of such lower rate for any dividends paid with respect to the Ordinary Shares.

Subject to certain conditions and limitations, non-refundable non-U.S. taxes (at a rate not in excess of any applicable tax treaty rate), if any, withheld on dividends paid by the Company may be treated as foreign taxes eligible for credit against a U.S. Holder’s U.S. federal income tax liability under the U.S. foreign tax credit rules. For purposes of calculating the U.S. foreign tax credit, dividends paid on Ordinary Shares will generally be treated as income from sources outside the United States and will generally constitute passive category income. In lieu of claiming a foreign tax credit, a U.S. Holder may deduct any non-U.S. income tax imposed with respect to their Ordinary Shares in computing their taxable income, subject to generally applicable limitations under U.S. federal income tax law. However, the rules governing a U.S. Holder’s ability to claim a U.S. foreign tax credit or deduction are complex. U.S. Holders should consult their tax advisors regarding the availability of the U.S. foreign tax credit or deduction under their particular circumstances.

Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Ordinary Shares

Subject to the PFIC rules discussed below under the heading “— *Passive Foreign Investment Company Rules*,” upon any sale, taxable exchange or other taxable disposition of Ordinary Shares, a U.S. Holder generally will recognize gain or loss in an amount equal to the difference between (i) the amount realized (i.e., sum of the amount of cash and the fair market value of any other property received in such sale, taxable exchange or other taxable disposition, in each case before reduction for withholding taxes, if any) and (ii) the U.S. Holder’s adjusted tax basis in such Ordinary Shares. Any such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder’s holding period for such Ordinary Shares exceeds one year. Long-term capital gain realized by a non-corporate U.S. Holder generally will be taxable at a reduced rate. The deductibility of capital losses is subject to limitations. This gain or loss generally will be treated as U.S. source gain or loss for U.S. foreign tax credit purposes.

Passive Foreign Investment Company Rules

The treatment of U.S. Holders of Ordinary Shares could be materially different from that described above if the Company is treated as a PFIC for U.S. federal income tax purposes.

A foreign (i.e., non-U.S.) corporation will be classified as a PFIC for U.S. federal income tax purposes if either (i) at least 75% of its gross income in a taxable year, including its pro rata share of the gross income of any corporation in which it is considered to own at least 25% of the shares by value, is passive income or (ii) at least 50% of its assets in a taxable year (ordinarily determined based on fair market value and averaged quarterly over the year), including its pro rata share of the assets of any corporation in which it is considered to own at least 25% of the shares by value, are held for the production of, or produce, passive income. Passive income generally includes dividends, interest, rents and royalties (other than rents or royalties derived from the active conduct of a trade or business) and gains from the disposition of passive assets.

As of the date hereof, the Company has not made a determination as to its PFIC status for its mostly recently ended taxable year or any other taxable year. Whether the Company is a PFIC is determined on an annual basis. The determination of whether the Company is a PFIC is a factual determination that depends on, among other things, the composition of the Company's income and assets, and the market value of its shares and assets, including the composition of income and assets and the market value of shares and assets of certain subsidiaries, from time to time, and thus the determination can only be made annually after the close of each taxable year. Thus, no assurance can be given as to whether the Company will be a PFIC in its current taxable year or for any future taxable year. In addition, the Company's U.S. counsel expresses no opinion with respect to the Company's PFIC status for any taxable year.

Although the Company's PFIC status is determined annually, a determination that the Company is a PFIC in a particular taxable year will generally apply for subsequent years to a U.S. Holder who held (or is deemed to have held) Ordinary Shares while the Company was a PFIC, whether or not the Company meets the test for PFIC status in those subsequent years.

If the Company is determined to be a PFIC for any taxable year (or portion thereof) that is included in the holding period of a U.S. Holder of Ordinary Shares and the U.S. Holder did not make either a qualified electing fund ("QEF") election or mark-to-market election, as further discussed below, for the first taxable year in which the Company was treated as a PFIC and in which the U.S. Holder held (or is deemed to have held) such shares or otherwise, such U.S. Holder generally will be subject to special and adverse rules with respect to (i) any gain recognized by the U.S. Holder on the sale or other disposition of its Ordinary Shares (which may include gain realized by reason of transfers of Ordinary Shares that would otherwise qualify as nonrecognition transactions for U.S. federal income tax purposes) and (ii) any "excess distribution" made to the U.S. Holder (generally, any distributions to such U.S. Holder during a taxable year of the U.S. Holder that are greater than 125% of the average annual distributions received by such U.S. Holder in respect of the Ordinary Shares during the three preceding taxable years of such U.S. Holder or, if shorter, the portion of such U.S. Holder's holding period for the Ordinary Shares that preceded the taxable year of the distribution) (together, the "**excess distribution rules**").

Under these excess distribution rules:

- the U.S. Holder's gain or excess distribution will be allocated ratably over the U.S. Holder's holding period for the Ordinary Shares;
- the amount allocated to the U.S. Holder's taxable year in which the U.S. Holder recognized the gain or received the excess distribution, or to the period in the U.S. Holder's holding period before the first day of the Company's first taxable year in which the Company is a PFIC, will be taxed as ordinary income;
- the amount allocated to each other taxable year (or portion thereof) of the U.S. Holder and included in its holding period will be taxed at the highest tax rate in effect for that year and applicable to the U.S. Holder without regard to the U.S. Holder's other items of income and loss; and
- an additional tax equal to the interest charge generally applicable to underpayments of tax will be imposed on the U.S. Holder with respect to the tax attributable to each such other taxable year (or portion thereof) of the U.S. Holder without regard to the U.S. Holder's other items of income and loss.

In general, if the Company is determined to be a PFIC, a U.S. Holder may be able to avoid the excess distribution rules described above in respect of the Ordinary Shares by making and maintaining a timely and valid QEF election (if eligible to do so) to include in income its pro rata share of the Company's net capital gains (as long-term capital gain) and other earnings and profits (as ordinary income), on a current basis, in each case whether or not distributed, in the taxable year of the U.S. Holder in which or with which the Company's taxable year ends. A U.S. Holder generally may make a separate election to defer the payment of taxes on undistributed income inclusions under the QEF rules, but if deferred, any such taxes will be subject to an interest charge.

If a U.S. Holder makes a QEF election with respect to its Ordinary Shares for any taxable year but did not make a QEF election for the Company's first taxable year as a PFIC in which the U.S. Holder held (or is deemed to have held) Ordinary Shares, then notwithstanding such QEF election, the excess distribution rules discussed above, adjusted to take into account the current income inclusions resulting from the QEF election, will continue to apply with respect to such U.S. Holder's Ordinary Shares, unless the U.S. Holder makes a purging election under the PFIC rules. Under one type of purging election, the U.S. Holder will be deemed to have sold such Ordinary Shares at their fair market value and any gain recognized on such deemed sale will be treated as an excess distribution, as described above. As a result of such purging election, the U.S. Holder will have additional basis (to the extent of any gain recognized on the deemed sale) and, solely for purposes of the PFIC rules, a new holding period in the Ordinary Shares.

The QEF election is made on a shareholder-by-shareholder basis and, once made, can be revoked only with the consent of the IRS. A U.S. Holder generally makes a QEF election by attaching a completed IRS Form 8621 (Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund), including the information provided in a PFIC annual information statement, to a timely filed U.S. federal income tax return for the tax year to which the election relates. Retroactive QEF elections generally may be made only by filing a protective statement with such return and if certain other conditions are met or with the consent of the IRS. U.S. Holders should consult their tax advisors regarding the availability and tax consequences of a retroactive QEF election under their particular circumstances.

If a U.S. Holder has made a QEF election with respect to their Ordinary Shares, and the excess distribution rules discussed above do not apply to such shares (because of a timely QEF election for the Company's first taxable year as a PFIC in which the U.S. Holder holds (or is deemed to hold) such shares or a purge of the PFIC taint pursuant to a purging election, as described above), any gain recognized on the sale of Ordinary Shares generally will be taxable as capital gain and no additional tax or interest charge will be imposed under the excess distribution rules. As discussed above, if the Company were a PFIC for any taxable year, a U.S. Holder of Ordinary Shares that has made a QEF election will be currently taxed on its pro rata share of the Company's earnings and profits, whether or not distributed for such year. A subsequent distribution of such earnings and profits that were previously included in income generally should not be taxable when distributed to such U.S. Holder. The tax basis of a U.S. Holder's shares in a QEF will be increased by amounts that are included in income, and decreased by amounts distributed but not taxed as dividends, under the above rules. In addition, if the Company were not a PFIC for any taxable year, such U.S. Holder will not be subject to the QEF inclusion regime with respect to its Ordinary Shares for any such taxable year.

In order to comply with the requirements of a QEF election, a U.S. Holder must receive a PFIC Annual Information Statement from the Company that provides the information necessary for U.S. Holders to make or maintain a QEF election. There can be no assurance that the Company will have timely knowledge of its status as a PFIC in the future or that the Company will timely provide such information for any year. The failure to provide such information on an annual basis could prevent a U.S. Holder from making a QEF election or result in the invalidation or termination of a U.S. Holder's prior QEF election.

Alternatively, if the Company is a PFIC and the Ordinary Shares constitute "marketable stock," a U.S. Holder who owns (or is treated as owning for purposes of this rule) Ordinary Shares at the close of its taxable year may avoid the application of the excess distribution rules discussed above if such U.S. Holder makes a "mark-to-market" election with respect to such Ordinary Shares for the first taxable year (x) in which it holds (or is deemed to hold) Ordinary Shares and (y) for which the Company is determined to be a PFIC. Such U.S. Holder generally will include for each of its taxable years as ordinary income the excess, if any, of the fair market value of its Ordinary Shares at the end of such year over its adjusted basis in its Ordinary Shares. The U.S. Holder also will recognize an ordinary loss in respect of the excess, if any, of its adjusted basis of its Ordinary Shares over the fair market value of its Ordinary Shares at the end of its taxable year (but only to the extent of the net amount of previously included income as a result of the mark-to-market election). The U.S. Holder's basis in its Ordinary Shares will be adjusted to reflect any such income or loss amounts. Any further gain recognized on a sale or other taxable disposition of its Ordinary Shares will be treated as ordinary income, and any further loss recognized will be treated as ordinary loss (but only to the extent of the net amount of income previously included as a result of a mark-to-market election, and any loss in excess of such prior inclusions generally would be treated as capital loss).

The mark-to-market election is available only for "marketable stock," generally, stock that is regularly traded on a national securities exchange that is registered with the Securities and Exchange Commission, including Nasdaq, or on a foreign exchange or market that is regulated or supervised by a governmental authority of the country in which such exchange or market is located and meets certain other requirements. If made, a mark-to-market election would be effective for the taxable year for which the election was made and for all subsequent taxable years unless the Ordinary Shares cease to qualify as "marketable stock" for purposes of the PFIC rules or the IRS consents to the revocation of the election. U.S. Holders are urged to consult their tax advisors regarding the availability and tax consequences of a mark-to-market election with respect to Ordinary Shares under their particular circumstances.

If the Company is a PFIC and, at any time, the Company has a foreign subsidiary that is classified as a PFIC (such foreign subsidiary, a “**lower-tier PFIC**”), a U.S. Holder generally would be deemed to own a proportionate amount of the shares of such lower-tier PFIC, and generally could incur liability for the deferred tax and interest charge under the excess distribution rules described above if the Company receives a distribution from, or disposes of all or part of its interest in, the lower-tier PFIC, or the U.S. Holder otherwise was deemed to have disposed of an interest in the lower-tier PFIC. There can be no assurance that the Company will have timely knowledge of the status of any lower-tier PFIC or provide information that may be required for a U.S. Holder to make or maintain a QEF election with respect to such lower-tier PFIC. A mark-to-market election generally would not be available with respect to any lower-tier PFIC.

A U.S. Holder that owns (or is deemed to own) shares in a PFIC during any taxable year of the U.S. Holder, may have to file an IRS Form 8621 (whether or not a QEF or mark-to-market election is made) and to provide such other information as may be required by the U.S. Treasury Department. Failure to do so, if required, will extend the statute of limitations applicable to such U.S. Holder until such required information is furnished to the IRS.

The rules dealing with PFICs and with the QEF, purging and mark-to-market elections are very complex and are affected by various factors in addition to those described above. Accordingly, U.S. Holders of Ordinary Shares are urged to consult their own tax advisors concerning the application of the PFIC rules to the Company’s securities under their particular circumstances.

Foreign Asset Reporting

Certain U.S. Holders may be required to file an IRS Form 926 (Return by a U.S. Transferor of Property to a Foreign Corporation) to report a transfer of property (including cash) to the Company. Substantial penalties may be imposed on a U.S. Holder that fails to comply with this reporting requirement, and the period of limitations on assessment and collection of U.S. federal income taxes will be extended in the event of a failure to comply. Furthermore, certain U.S. Holders are required to report their holdings of certain specified foreign financial assets, including equity of foreign entities, if the aggregate value of all of these assets exceeds certain threshold amounts, by filing IRS Form 8938 with their federal income tax return. Ordinary Shares are expected to constitute foreign financial assets subject to these requirements unless the Ordinary Shares are held in an account maintained at certain financial institutions. Persons who are required to report specified foreign financial assets and fail to do so may be subject to substantial penalties, and the period of limitations on assessment and collection of U.S. federal income taxes may be extended in the event of a failure to comply. U.S. Holders are urged to consult their tax advisors regarding their information reporting obligations, if any, with respect to their ownership and disposition of Ordinary Shares and the significant penalties for non-compliance.

Information Reporting and Backup Withholding

Dividend payments with respect to Ordinary Shares and proceeds from the sale or exchange of Ordinary Shares may be subject to information reporting to the IRS and possible U.S. backup withholding. Backup withholding will not apply, however, to a U.S. Holder who furnishes a correct taxpayer identification number and makes other required certifications, or who is otherwise exempt from backup withholding and establishes such exempt status.

Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against a U.S. Holder’s U.S. federal income tax liability, and a U.S. Holder generally may obtain a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing any required information.

THE U.S. FEDERAL INCOME TAX TREATMENT OF PROSPECTIVE INVESTORS IN OUR SECURITIES MAY BE AFFECTED BY MATTERS NOT DISCUSSED HEREIN AND DEPENDS IN SOME INSTANCES ON DETERMINATIONS OF FACT AND INTERPRETATIONS OF COMPLEX PROVISIONS OF U.S. FEDERAL INCOME TAX LAW FOR WHICH NO CLEAR PRECEDENT OR AUTHORITY MAY BE AVAILABLE. THIS DISCUSSION IS NOT A SUBSTITUTE FOR CAREFUL TAX PLANNING. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR TAX ADVISORS CONCERNING THE TAX CONSIDERATIONS OF THEIR PARTICULAR SITUATIONS.

ENFORCEABILITY OF CIVIL LIABILITIES UNDER U.S. SECURITIES LAWS

There is no statutory enforcement in the British Virgin Islands of judgments obtained in the U.S., however, the courts of the British Virgin Islands will in certain circumstances recognize such a foreign judgment and treat it as a cause of action in itself which may be sued upon as a debt at common law so that no retrial of the issues would be necessary, provided that:

- the U.S. court issuing the judgment had jurisdiction in the matter and the company either submitted to such jurisdiction or was resident or carrying on business within such jurisdiction and was duly served with process;
- the judgment is final and for a liquidated sum;
- the judgment given by the U.S. court was not in respect of penalties, taxes, fines or similar fiscal or revenue obligations of the company;
- in obtaining judgment there was no fraud on the part of the person in whose favor judgment was given or on the part of the court;
- recognition or enforcement of the judgment in the British Virgin Islands would not be contrary to public policy; and
- the proceedings pursuant to which judgment was obtained were not contrary to natural justice.

The British Virgin Islands courts are unlikely:

- to recognize or enforce against the Company, judgments of courts of the U.S. predicated upon the civil liability provisions of the securities laws of the U.S.; and
- to impose liabilities against the Company, predicated upon the certain civil liability provisions of the securities laws of the U.S. so far as the liabilities imposed by those provisions are penal in nature.

Item 8. Indemnification of Directors and Officers

The laws of the British Virgin Islands do not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the BVI courts to be contrary to public policy, such as to provide indemnification against willful default, willful neglect, fraud or the consequences of committing a crime.

An indemnity will be void and of no effect and will not apply to a person unless the person acted honestly and in good faith and in what he believed to be in the best interests of the company and, in the case of criminal proceedings, the person had no reasonable cause to believe that his conduct was unlawful. The Articles permit indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such unless such losses or damages arise from dishonesty or fraud of such directors or officers. We have entered into indemnification agreements with our directors and executive officers that provide such persons with additional indemnification beyond that provided in the Articles.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is a part of the registration statement.

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F (§ 249.220f of this chapter) at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act (15 U.S.C. 77j(a)(3)) need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(e) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (f) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communications that is an offer in the offering made by the undersigned registrant to the purchaser.
- (2) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (4) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.
- (5) The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

2 Assumptions

The following opinions are given only as to, and based on, circumstances and matters of fact existing and known to us on the date of this opinion letter. These opinions only relate to the laws of the British Virgin Islands which are in force on the date of this opinion letter. In giving the following opinions we have relied (without further verification) upon the completeness and accuracy, as at the date of this opinion letter, of the Registry List of Directors, the Registered Agent’s Certificate, the Certificate of Good Standing and the Director’s Certificate. We have also relied upon the following assumptions, which we have not independently verified:

- 2.1 The Documents have been or will be authorised and duly executed and unconditionally delivered by or on behalf of all relevant parties in accordance with all relevant laws (other than, with respect to the Company, the laws of the British Virgin Islands).
- 2.2 The Documents are, or will be, legal, valid, binding and enforceable against all relevant parties in accordance with their terms under the laws of the State of New York (the “**Relevant Law**”) and all other relevant laws (other than, with respect to the Company, the laws of the British Virgin Islands).
- 2.3 The choice of the Relevant Law as the governing law of the Documents has been made in good faith and would be regarded as a valid and binding selection which will be upheld by the courts of the State of New York and any other relevant jurisdiction (other than the British Virgin Islands) as a matter of the Relevant Law and all other relevant laws (other than the laws of the British Virgin Islands).

- 2.4 Where a Document has been provided to us in draft or undated form, it will be duly executed, dated and unconditionally delivered by all parties thereto in materially the same form as the last version provided to us and, where we have been provided with successive drafts of a Document marked to show changes to a previous draft, all such changes have been accurately marked.
- 2.5 Copies of documents, conformed copies or drafts of documents provided to us are true and complete copies of, or in the final forms of, the originals.
- 2.6 All signatures, initials and seals are genuine.
- 2.7 The capacity, power, authority and legal right of all parties under all relevant laws and regulations (other than, with respect to the Company, the laws and regulations of the British Virgin Islands) to enter into, execute, unconditionally deliver and perform their respective obligations under the Documents.
- 2.8 That all public records of the Company which we have examined are accurate and that the information disclosed by the searches which we conducted against the Company at the Registry of Corporate Affairs and the High Court Registry is true and complete and that such information has not since then been altered and that such searches did not fail to disclose any information which had been delivered for registration but did not appear on the public records at the date of our searches.
- 2.9 The Memorandum and Articles remain in full force and effect and are unamended and that the Company had or will have sufficient authorised and unissued shares under the Memorandum and Articles at the time any of the Ordinary Shares were or are issued.
- 2.10 The Resolutions were each signed by all the directors in the manner prescribed in the Memorandum and Articles of the Company, including as to the disclosure of any director's interests, and have not been amended, varied or revoked in any respect.
- 2.11 The members of the Company (the "**Members**") have not restricted or limited the powers of the directors of the Company in any way.
- 2.12 No invitation has been or will be made by or on behalf of the Company to the public in the British Virgin Islands to subscribe for any of the Ordinary Shares.
- 2.13 The Ordinary Shares issued or to be issued pursuant to the Documents have been, or will be, duly registered, and will continue to be registered, in the Company's register of members.
- 2.14 The Company has received, or will receive, cash consideration or non-cash consideration in consideration for the issue of the Ordinary Shares pursuant to the Documents, and that:
- (a) none of the Ordinary Shares have been, or will be, issued for less than their par value; and
 - (b) to the extent that any Ordinary Shares are, or will be, issued, in whole or in part, for non-cash consideration, the value of the non-cash consideration and cash consideration, if any, is not less than the amount credited or to be credited for such Ordinary Shares.
- 2.15 At the time of the exercise of each of PIPE Warrant in accordance with the terms and provisions of the applicable PIPE Warrant (each such exercise, a "**Warrant Exercise**"):
- (a) the laws of the British Virgin Islands (including the Act (as defined below)) will not have changed in such way as to materially impact the Warrant Exercise;

- (b) the Company will have sufficient authorised but unissued Ordinary Shares to effect the Warrant Exercise in accordance with the PIPE Warrant, the Memorandum and Articles and the Act;
 - (c) the Company will not have been struck off or placed in liquidation;
 - (d) the issue price for each Ordinary Share issued upon Warrant Exercise will not be less than the par value of such Ordinary Share; and
 - (e) the terms and provisions of the PIPE Warrants relating to the Warrant Exercise and the terms of the Memorandum and Articles will not have been altered, amended or restated or subject to any adjustment.
- 2.16 Prior to the re-sale of any Ordinary Shares issued pursuant to the PIPE Warrants by the Selling Securityholder as contemplated by the Registration Statement the Warrant Exercise shall have occurred.
- 2.17 There is nothing under any law (other than the laws of the British Virgin Islands) which would or might affect the opinions set out below.

Save as aforesaid we have not been instructed to undertake and have not undertaken any further enquiry or due diligence in relation to the transaction the subject of this opinion.

3 Opinions

Based upon, and subject to, the foregoing assumptions and the qualifications set out below, and having regard to such legal considerations as we deem relevant, we are of the opinion that:

- 3.1 The Company is a company limited by shares incorporated with limited liability under the BVI Business Companies Act (As Revised) (the “Act”), is in good standing at the Registry of Corporate Affairs and is validly existing under the laws of the British Virgin Islands.
- 3.2 The Ordinary Shares issued pursuant to the Purchase Agreements held by the Selling Securityholder to be resold as contemplated by the Registration Statement were duly authorised, and when issued and paid for in the manner described in the applicable Purchase Agreement and in accordance with the Resolutions, such Ordinary Shares were legally issued, fully paid and non-assessable. As a matter of British Virgin Islands law, a share is only issued when it has been entered in the register of members of the Company.
- 3.3 The Ordinary Shares to be issued by the Company upon exercise of each PIPE Warrant have been duly authorised for issue, and when issued by the Company against payment in full of the consideration as set out in the applicable PIPE Warrant, such Ordinary Shares will be validly issued, fully paid and non-assessable. As a matter of British Virgin Islands law, a share is only issued when it has been entered in the register of members.

4 Qualifications

The opinions expressed above are subject to the following qualifications:

- 4.1 We express no view as to the commercial terms of the Documents or whether such terms represent the intentions of the parties and we make no comment with respect to any representations and warranties which may be made by or with respect to the Company in any of the documents or instruments cited in this opinion or otherwise with respect to the commercial terms of the transactions the subject of this opinion.

- 4.2 Under British Virgin Islands law, the register of members is *prima facie* evidence of title to shares and this register would not record a third party interest in such shares. However, there are certain limited circumstances where an application may be made to a British Virgin Islands court for a determination on whether the register of members reflects the correct legal position. Further, the British Virgin Islands court has the power to order that the register of members maintained by a company should be rectified where it considers that the register of members does not reflect the correct legal position. For the purposes of the opinion given in paragraphs 3.2 and 3.3, there are no circumstances or matters of fact known to us on the date of this opinion letter which would properly form the basis for an application for an order for rectification of the register of members of the Company, but if such an application were made in respect of the Ordinary Shares, then the validity of such shares may be subject to re-examination by a British Virgin Islands court.
- 4.3 Except as specifically stated herein, we make no comment with respect to any representations and warranties which may be made by or with respect to the Company in any of the documents or instruments cited in this opinion or otherwise with respect to the commercial terms of the transactions the subject of this opinion.
- 4.4 In this opinion letter, the phrase “non-assessable” means, with respect to the issuance of shares, that a shareholder shall not, in respect of the relevant shares and in the absence of a contractual arrangement, or an obligation pursuant to the memorandum and articles of association, to the contrary, have any obligation to make further contributions to the Company’s assets (except in exceptional circumstances, such as involving fraud, the establishment of an agency relationship or an illegal or improper purpose or other circumstances in which a court may be prepared to pierce or lift the corporate veil).
- 4.5 The search of records of proceedings available at the High Court Registry would not reveal any proceeding which has been placed under seal or anonymised (whether by order of the Court or pursuant to the practice of the High Court Registry).

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to our firm under the heading “Legal Matters” in the Registration Statement. In providing our consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the SEC Act or the rules and regulations of the Commission thereunder.

This opinion is addressed to you and may be relied upon by you, your counsel and purchasers of Shares pursuant to the Registration Statement. This opinion is limited to the matters detailed herein and is not to be read as an opinion with respect to any other matter.

Yours faithfully

/s/ Maples and Calder
